THANK YOU

20 YEARS OF WINGS!

In 2004 several families gathered together with a like-minded burden, "What will happen to my adult child when I am no longer able to take care of them?" In 2024 Wings answers that question, reaching more than 60,000 Oklahomans a year with our outreach programs and embarking on a new community which will include our first residential home.

To fully celebrate this milestone we want to look back on what our Members and their families have accomplished the last 20 years! Would you look through your Wings memories and share any pictures, videos or stories with our marketing team? After all, we wouldn't be here today without YOU!
